Date of review: December 2026

## Behaviour Principles Written Statement

We are determined that our child first, pupil second ethos permeates every aspect of school life. Our behaviour written statement is to be read in that light and in conjunction with the school behaviour policy, which is also available on our school website.

We want our school to be:

- An exciting school where children are healthy and safe in a caring and supportive environment.
- A happy, welcoming and inclusive school where communication is highly valued and everyone has a voice.
- A school focused on high expectations of pupils' learning and achievements.
- A no put-down zone, where children are cared for and cared about, and never ridiculed or belittled.
- A school which is highly committed to the welfare, wellbeing and happiness of our children.
- A school where we work closely in partnership with families to provide the best possible environment for the education of their children.

We will aim to:

- Model and reward positive behaviours.  
Have high expectations of all members of the school community.  
Support children and families in the modification of negative behaviours.  
Through appropriate behaviours, create an environment where active learning takes place.
- Promote a secure and happy environment free from threat, harassment and any type of bullying behaviour.

To that end:

- Every member of Swalecliffe's Community will be valued, respected and welcomed equally.
- Children will be taught to celebrate their differences, understand the cultural diversity and variances within their community; local and global.
- All discrimination from any member of the school community to another will be tackled rigorously.
